Festivals are an expressive way to celebrate glorious heritage, culture and traditions. They are meant to rejoice special moments and emotions in our lives with our loved ones. They play an important role to add structure to our social lives, and connect us with our families and backgrounds.

They give us a distraction from our day to day, exhausting routine of life, and give us some inspiration to remember the important things and moments in life.

On the occasion of Diwali SNBP International School, Morwadi has organized class wise activities for the students to participate & enjoy their last day before they go for the Diwali break.

So, get ready students for the virtual Diwali celebration with your friends & teachers in Festive attire.
